

SENATOR KIM ELTON

Gov. Sarah Palin
State of Alaska
Box 110001
Juneau, AK 99811

Dear Gov. Palin:

I understand from a DMVA press release dated May 1, 2008, which was not seen by anyone in Juneau until late Tuesday, May 6, that the Disaster Policy Cabinet is recommending that you request a Small Business Administration (SBA) Economic Injury Disaster Declaration.

It is also my understanding that the staff of the SBA has been in contact with your office since April 18.

As only the governor can request this type of assistance from the SBA, I request that you do so immediately.

Sincerely,

Dear Governor Palin,

As you know, the steep electricity costs that our community is facing is having deep impacts, from health issues to possible business closures. It is my understanding that the Disaster Policy Cabinet has recommended that a Small Business Administration Economic Injury Disaster Declaration be requested. This would allow small businesses in Juneau who will be devastated by the increase in their electricity costs to apply for low-interest loans to cover those costs. Juneau's small businesses truly need this.

As only the Governor may request this assistance for small businesses, I encourage you to make a Small Business Administration Economic Injury Disaster Declaration immediately.

Thank you,

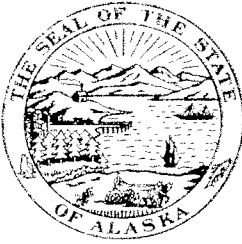

A handwritten signature in cursive script that reads "Beth Kerttula".

Dear Governor Palin,

According to a May 1 press release from the Dept. of Military & Veterans Affairs, your Disaster Policy Cabinet recommended that you request an Economic Injury Disaster Declaration from the Small Business Administration.

While members of our Congressional Delegation have indicated their support for federal assistance to Juneau to mitigate the Snettisham disaster, only Alaska's governor can request this form of aid from the SBA. I respectfully ask that you do so as soon as possible.

Sincerely,

A handwritten signature in cursive script, appearing to read "Andrea Doll".
